

Tree Factory Wireframe

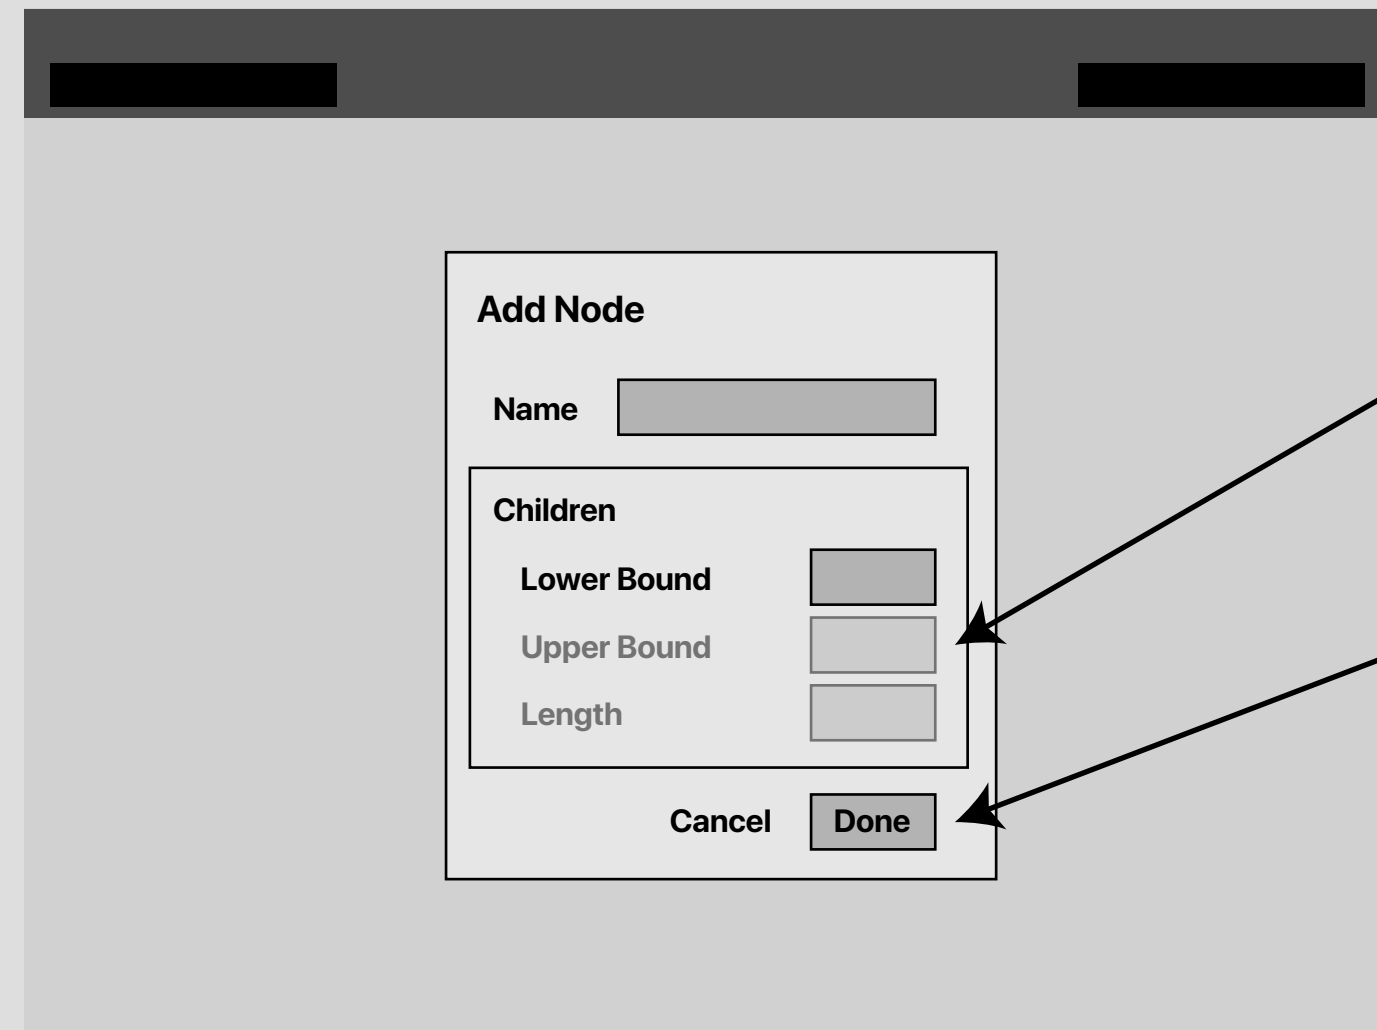

Created by Jeff Miller for Passport | Jul 2019

Onboarding

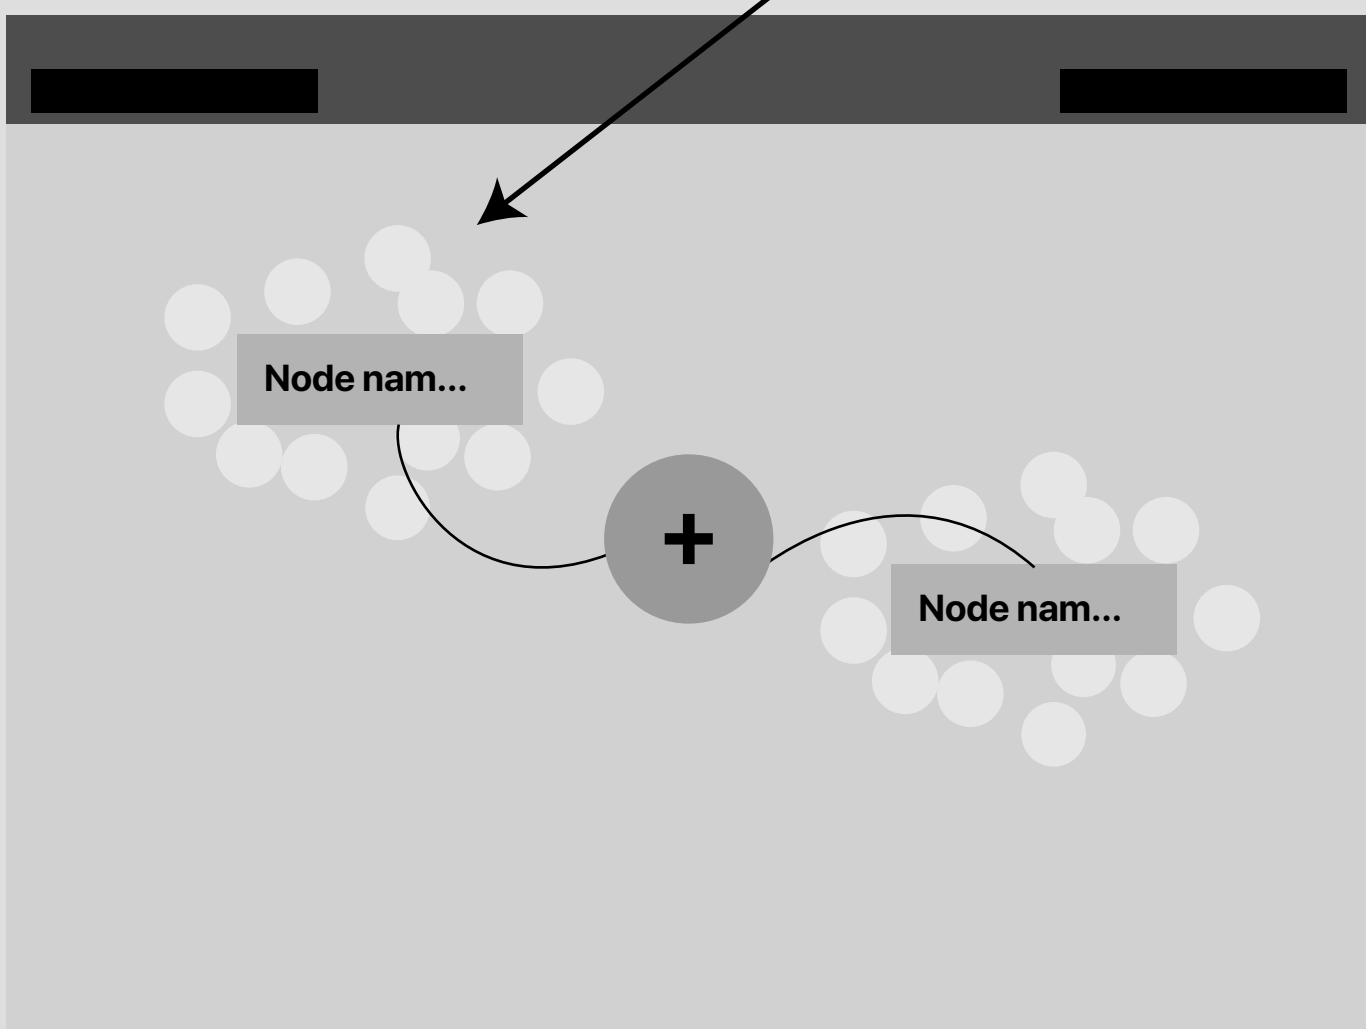

Add Factory Node

Fields will be disabled until a Lower Bound has been entered.

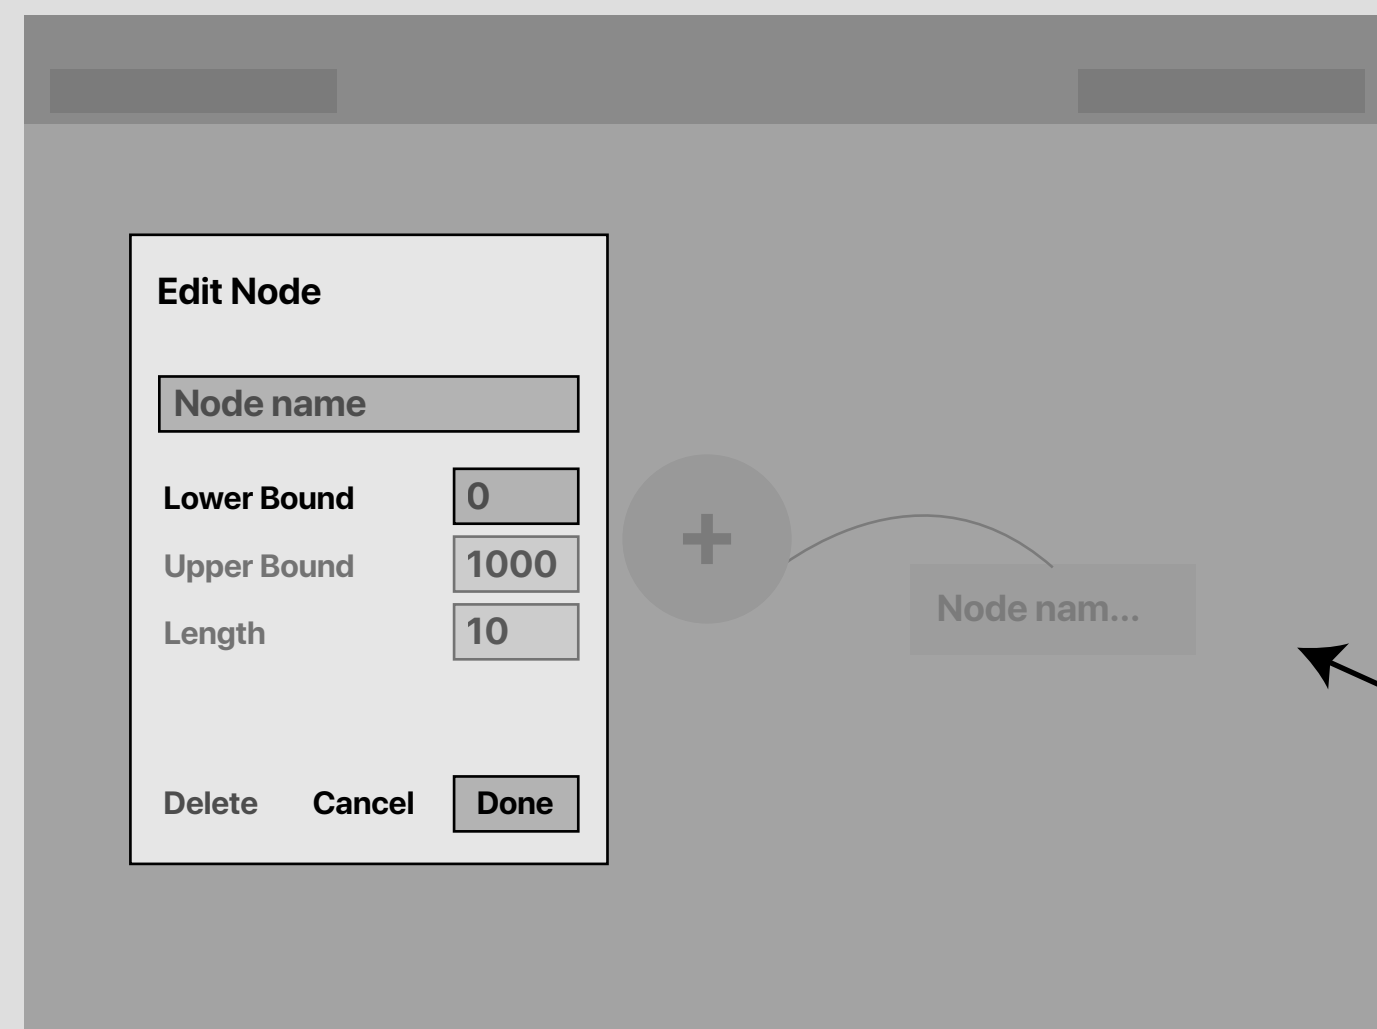

Sensible defaults will be supplied for all inputs, negating the need to disable the Done button

Nodes

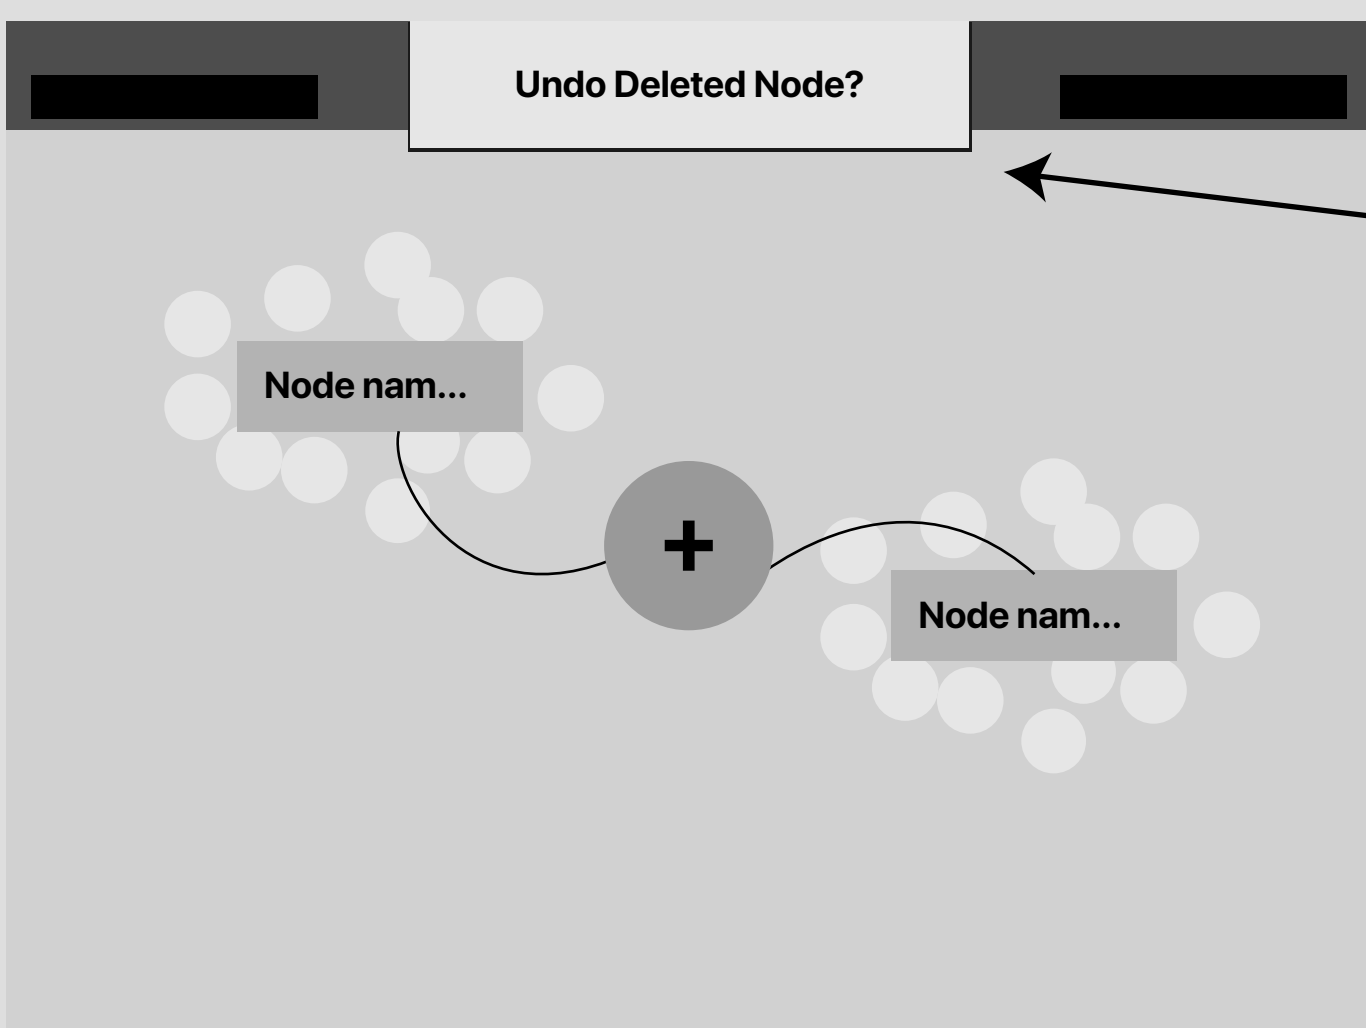

Children of Factory Nodes will be displayed around it.

Edit Node

Semi-transparent backdrop when editing

Confirmation

If a node is deleted, the modal will disappear and confirmation will appear at the top.
